Bengaluru, Apr. 1 (KMS & BCT)- With rising summer temperatures and no relief from rains, the residents of Karnataka are already facing a tough start to the new financial year.

As of April 1 (today), the State has witnessed a surge in living costs, with hikes in milk prices, electricity charges, property tax rates, toll fees, stamp fees, commercial vehicle cess, lifetime tax on e-vehicles and taxes coming into effect.

The Rs. 4 per litre hike in milk prices is set to drive up the cost of milk-based products like coffee, tea and badam milk at hotels and restaurants. Coupled with increased expenses for daily essentials, this financial burden is weighing heavily on the common man.

With just a few weeks left for the Congress Government, led by Siddaramaiah, to complete two years in power, these price hikes are being seen as a major blow to the public.

Electricity charges have gone up, with fixed charges increasing by Rs. 25 for 2025-26, followed by further hikes of Rs. 5 in 2026-27 and Rs. 10 in 2027-28. Consumers will now have to pay Rs. 0.36 more per unit of electricity, as the Government allocates funds to provide pensions and gratuities to Energy Department employees.

While Karnataka Electricity Regulatory Commission (KERC) has reduced energy charges by 10 paise per unit, the hike in fixed charges will significantly increase monthly power bills.

Toll charges

Adding to the financial strain, toll charges have been increased at more than 60 toll plazas across Karnataka, including on the Mysuru-Bengaluru Highway.

The minimum toll hike is Rs. 5, which will push up transportation costs and, in turn, affect the prices of vegetables, fruits and flowers. According to an NHAI official, these toll revisions are linked to the Wholesale Price Index (WPI) inflation under the National Highways Fee Rules and are part of an annual nationwide revision to align with inflationary trends. The burden does not end there, as State and Union budget tax hikes have also come into effect.

Stamp fee, registration

Registration and stamp fees have seen a significant hike, increasing from Rs. 50 to Rs. 500, while the minimum stamp paper fee has risen from Rs. 20 to Rs.100.

City Police foil suicide attempt by former Kodagu resort staffer

Mysuru, Apr. 1 (KS)- A former employee of a resort in Virajpet in Kodagu district accused a resort owner of harassment and torture in a Facebook live video, before attempting suicide.

The incident led to a swift response from the city's Lashkar Police, who traced the live video to a lodge and took the man into custody. He is being taken to Virajpet for further questioning. The man, identified as Praveen Aravind, a resident of Gandhinagar in Virajpet, detailed the alleged abuse in a 15-minute live video, claiming he was pushed to the brink due to the harassment.

The live video prompted the Police to quickly trace his location in a race against time to prevent a tragedy. Using technology and location clues, Police team reached the lodge and arrived at his door just before he could take the extreme step.

Praveen questioned the injustice he had suffered, expressing despair over the situation and his inability to lead a life, citing his family's arrest in Tamil Nadu by the authorities.

During live broadcast, Praveen raised concerns about multiple illegal activities at the resort, including illegal tree felling, encroachment of forest land and construction of villas without proper licences. He urged Police to arrest the resort owner before his death. Lashkar Police have taken Praveen into custody and investigating.

THE SILENT STRUGGLE WITH HOARDING: ***Hoarding is recognised as a distinct psychological condition, often linked to neuropsychiatric disorders and is part of the obsessive-compulsive and related disorders spectrum.***

For some, hoarding may stem from a need for emotional security or an attempt to preserve memories. Raj (name changed), 25, shares, *"I keep items like old clothes and restaurant boxes because they remind me of good times and might be useful later."* ***While his peers criticise the crowded state of his room, Raj feels an emotional attachment to his possessions, reluctant to let go.***

DECLUTTER FOR HEALING: ***While hoarding can feel insurmountable, recovery is possible. Decluttering is not merely about minimising possessions — it's about regaining control over one's life and addressing the underlying emotional struggles. Experts suggest that therapy plays a crucial role in treating hoarding disorder. Through therapy, individuals often confront guilt, shame, past trauma and feelings of depression. However, societal stigma can prevent many from seeking the help they need, leading to isolation.***

Cognitive Behavioural Therapy (CBT) is frequently recommended as a method to challenge the obsessive thoughts tied to hoarding and develop healthier coping mechanisms. According to Sana M. Joseph, a counselling psychologist, *"CBT helps individuals reframe their beliefs about hoarded items and replace unhealthy behaviours with new, functional ones."*

Trauma-informed therapies such as Eye Movement Desensitisation and Reprocessing (EMDR) and Trauma-Focused CBT (TF-CBT) are also effective in treating hoarding.

FOR LONG-TERM WELL-BEING: ***Hoarding is not simply about collecting objects; it's about addressing deep-seated emotional issues. By tackling the root cause of hoarding behaviour, individuals can break free from the weight of excessive possessions. Therapy, mindfulness and support groups can help prevent hoarding from becoming a lifelong struggle.***

Experts recommend small, consistent steps such as evaluating emotional attachments to possessions, setting decluttering goals, seeking professional support and focusing on quality over quantity. Addressing underlying mental health conditions, like anxiety or trauma, is also essential in preventing hoarding behaviour. Sana adds, *"Support groups can offer crucial encouragement and practical advice, helping individuals navigate their hoarding struggles while providing a sense of community."*

While the journey towards healing is challenging, it can ultimately lead to a lighter, freer and more controlled life.

Man accused of breaking nuclear non-proliferation laws

Sydney: An Australian man is accused of breaking his country's nuclear non-proliferation laws for ordering a sample of plutonium online in a bid to collect all the elements in the periodic table.

In 2023, 24-year-old Emmanuel Lidden was arrested in Sydney, during a major operation. His lawyer is arguing that Lidden is not some maniac or mad scientist with a nefarious agenda, but rather a "science nerd" who had made it his goal to collect all the elements in the periodic table.

Since being charged for bringing plutonium into Australia, Lidden has been fired from his job and is currently earning a living flipping burgers at a fast food restaurant.

Man uses ChatGPT to win in Court

Almaty: A 23-year-old Kazakh man recently became the first person in his country to use ChatGPT to challenge a traffic violation ticket in a Court and win it.

In December 2024, Kenzhebek Ismailov was driving his mother to the hospital in Almaty, Kazakhstan's largest city, when the car in front of them stopped for no apparent reason. The only solutions was to bypass the stalled car through the bus lane on the right, or simply wait behind the car and hold up the entire lane. His manoeuvre was picked up by surveillance cameras and he soon received a ticket in the mail. His only other course of action was to go to Court.

Things changed after Ismailov filed his case in Court and he was contacted by the traffic authority to settle the case by returning the money to him. However, ChatGPT advised him not to, so he went to Court instead. During a hearing where he was asked questions by a judge, Ismailov used the speech synthesis function to have ChatGPT answer instead. It did so well that the judge had no choice but to cancel the fine.

Traffic notice mix-up

Fined for offence while on a train!

Sir,

I was surprised to receive a notice under Section 180 of the Motor Vehicles Act (No. 10879171 dated 16th March 2025), served on me by post on 26th March 2025, at the residential address of my late father, Abdul Karim (Retd. DSP), at No. 10, Vivekananda Road, Yadavagiri.

The Officer-in-Charge of the Enforcement Automation Centre issued the notice during my recent visit to Mysuru. The notice directs me to pay a fine of Rs. 500 for allegedly "riding without a helmet" on a motorcycle bearing Registration No. CTO 2838 near LIC Circle, Mysuru, at 14:42 hours on 15th March 2025.

I was both puzzled and amused by this, as the notice included a CCTV image of the motorcycle being ridden by a man without a helmet. However, at the time of the alleged offence, I was travelling on Train No. 17397 (Basava Express) to Bengaluru, having briefly camped in Mysuru.

Moreover, I have never owned the motorcycle in question. I do, however, know that late M. Shakeel Ahmed was the registered first owner of the Yamaha RX100 bearing Registration No. CTO 2838 since July 1987.

An officer of the Karnataka STF and MM Hills Police Station, he was killed in the line of duty in an ambush by the notorious sandalwood smuggler Veerappan and his gang in August 1992. Following his death, the motorcycle came into the possession of my father, Abdul Karim, who sold it in November 2001 to a Mysuru resident whose name and address are unknown to me.

Given these facts, I am unable to comprehend how this notice has been erroneously issued to me for an offence I never committed. **I urge the Traffic Police and other authorities concerned to thoroughly investigate the matter, trace the current registered owner of the vehicle and identify the rider involved in the violation.**

The actual culprits should be held accountable, instead of issuing notices to innocent individuals and subjecting them to unnecessary harassment.

150 rounds of live ammunition seized from Kerala-bound bus

Kerala Police launch probe; collect CCTV visuals from Kodagu bus stands

Kushalnagar, Apr. 1 (AG& BCT)- In a dramatic bust at the Koottupuzha Excise Check Post in Kerala, officials seized 150 rounds of live ammunition used in country guns from a passenger bus travelling on the Thalassery-Kodagu-Mysuru Highway.

During routine inspections around 3.45 pm on March 27, Excise officials discovered the ammunition on the Kannur-registered bus 'Lakshmi,' which was en route from Virajpet in Kodagu district to Thalassery via Gonikoppa and Makutta, carrying 43 passengers, including the driver and conductor.

While sweeping through the vehicle, officers found a travel bag tucked under a seat.

"There were three boxes of ammunition in the bag covered in cloth," said an Excise official at the Koottupuzha check post. However, none of the passengers claimed ownership of the bag.

Excise officials immediately alerted the Iritty Police, who escorted the bus and its passengers to the station, located 11 km away. Following over two hours of questioning, Police detained two men, suspecting the ammunition belonged to one of them.

A dog squad was brought in to assist with the investigation. The sniffer dog identified one passenger, prompting the Police to detain two suspects — one from Ulikkal and the other from Virajpet. The remaining passengers were allowed to leave after providing their addresses and phone numbers.

Efforts to review CCTV footage from the Virajpet bus stand immediately after the incident proved futile. A follow-up investigation was conducted in Virajpet on Friday. However, the bus' internal surveillance system provided no clues, as its cameras had been inactive since Mar. 13.

Meanwhile, a Kerala Police team arrived in Kodagu to investigate the seizure. Led by Dy.SP Dhananjay Babu of Irrity Police Station, the team examined CCTV footage at the Virajpet bus stand, seeking evidence.

They contacted Kodagu SP K. Ramarajan and sought the support of the Virajpet Police to review CCTV footage from shops near the bus stand and inspect licensed weapon shops in Kodagu. The seized bullets are typically used for hunting.

Speaking to *Star of Mysore*, Kannur Superintendent of Police Anuj Paliwal said, the investigation is progressing with teams actively working on the case. "We are tracking phone records, location details and CCTV visuals from all the bus stops on the route from Kodagu to Thalassery. We are currently questioning one suspect," he said.

In Kerala, there are no shops that sell ammunition, suggesting the rounds may have been smuggled from Kodagu, where licenced arms and ammunition shops operate.

Murder accused sentenced to life

Mysuru, Apr. 1 (RK&KS)- The city's 7th Additional District and Sessions Court has sentenced a man to life imprisonment besides imposing a fine of Rs. 20,000 after he was found guilty of murdering a construction labourer.

On June 16, 2023 at about 9.30 am, Shivarudra, who went to an under-construction building at Kakarawadi 3rd Cross in Lakshmipuram Police limits, accused labourer Ramanna of having illicit relationship with his wife and stabbed him with a knife, injuring him seriously.

Though Ramanna was admitted to K.R. Hospital, he succumbed to injuries at the hospital.

The then Lakshmipuram Inspector Mohit Sahadev, who had registered a case, conducted an investigation and had submitted a chargesheet to the Court.

Judge M. Ramesha, who took up the case, heard the arguments from both sides, found the accused guilty of the crime and sentenced him to life imprisonment under IPC Section 302 besides imposing a fine of Rs. 20,000 on Mar. 28.

BJP rally in city on Apr. 7

Mysuru City BJP President L. Nagendra seen addressing a press meet in city this morning as (from left) party leader Mohan, MLA T.S. Srivatsa and District BJP President L.R. Mahadevaswamy look on.

(Continued from page 1)

Pointing out that the State Government has hiked milk and curd prices by Rs. 4 a litre, hiked power tariff by 36 paise a Unit, raised medical services fee in Government Hospitals, property registration fee, stamp duty etc., effective from Apr.1, thus fooling the public, Nagendra maintained that the Government does not seem to have any concerns for the poor.

Asserting that there is no reservation for Muslims in other States, he said that the recent Government's decision reserving 4 percent to Muslims in Government contracts is nothing but appeasement of minorities.

"The Government has to pay Rs. 662 crore pending dues to dairy farmers. Chief Minister Siddaramaiah has no control over his Cabinet colleagues, who are looting the State exchequer at will. The Government, which is supposed to provide basic health services for free, has started introducing a fee for every health care service. The Siddaramaiah Government, which started the year by rising bus fares, followed it by hiking Metro fares, which has angered the travellers. The Opposition BJP took on the Government on rising prices in the just concluded Budget Session of the State Legislature, during which 18 BJP MLAs were expelled for six months for raising their voice in anger against the Government," Nagendra maintained.

Hold local body polls

Stating that the MUDA budget lacked any vision, he wondered why CM Siddaramaiah, who speaks about the Constitution everywhere he goes, was silent on holding local body polls in the State, including the MCC polls.

He further said that the venue of Mysuru rally on Apr. 7 would soon be decided.

KSIC issue

MLA T.S. Srivatsa, who also addressed the press meet, said that KSIC (Karnataka Silk Industries Corporation) authorities have promised to take back the sacked contract employees, who were retrenched at the end of March.

Pointing out that he would be submitting a memorandum in this regard to the State Chief Secretary, the Chief Minister and the District In-charge Minister, Srivatsa said that the officials have asked for certain records and Police verification for re-appointment which the employees have agreed to submit.

The Government has also introduced an additional cess on newly registered commercial vehicles, including taxis, buses, and auto-rickshaws, along with a lifetime tax on electric vehicles priced above Rs. 25 lakh.

Commercial vehicle operators have already indicated that these increased costs will be passed on directly to consumers. With price hikes hitting multiple sectors at once, Karnataka residents are now bracing for a financially challenging year ahead.

Three-fold hike in lift, transformer inspection and renewal charges

Bengaluru, Apr. 1 (KMS&BCT)- While offering guarantees on one hand, the Congress Government in Karnataka has imposed steep hikes in inspection and renewal fees for lifts, transformers, and generators, significantly increasing the financial burden on citizens.

Myanmar quake: Death toll crosses 2,000

Bangkok, Apr. 1 (Agencies)- The death toll in the recent massive earthquake in Myanmar has crossed 2,000, state media said on Monday, as accounts of some people's last moments emerged in public domain. Among them were 200 Buddhist monks crushed by a collapsing monastery, followed by 50 children in a preschool classroom and 700 people struck while praying at mosques for Ramadan.

The quake could exacerbate hunger and disease outbreaks in a country, that was already identified as one of the world's most challenging places for humanitarian organisations to operate due to civil war, aid groups and the United Nations (UN) warned.

The 7.7 magnitude quake hit on Friday (Mar. 28), with the epicentre identified near Myanmar's second-largest city of Mandalay. It damaged the city's airport, roads and brought down hundreds of buildings along a wide swath down the country's centre.

Relief efforts are further hampered by power outages, fuel shortages and spotty communications. A lack of heavy machinery has hit the rescue operations, forcing many to search for survivors on their own, amid daily temperatures hovering above 40 degrees Celsius.

Rescue workers at Mandalay's collapsed U Hla Thein monastery said, they were still searching for about 150 of the dead monks.

Some 700 worshippers attending Friday prayers were killed when the mosques collapsed, said a member of the steering committee of the Spring Revolution Myanmar Muslim Network. He said some 60 mosques were damaged or destroyed.

It was not clear whether those numbers were already included in the official toll. The leader of the military government, Senior Gen. Min Aung Hlaing, told Pakistan's Prime Minister during a call that 2,065 people were killed, with more than 3,900 injured and about 270 missing.

Relief agencies expect those numbers to rise sharply, since access is slow to remote areas where communications are down.

The United Nations' Myanmar country team called for unimpeded access for aid teams.

"Even before this earthquake, nearly 20 million people in Myanmar were in need of humanitarian assistance," said Marcoluigi Corsi, the UN Resident and Humanitarian Coordinator.

Myanmar declares national mourning

Mandalay, Myanmar, Apr. 1 (UNI)- Myanmar's State Administration Council Chairman Senior General Min Aung Hlaing on Monday announced a week-long mourning period following a 7.9-magnitude earthquake that struck Myanmar on Mar. 28.

In recognition of and sympathy for the damage and loss of lives caused by the earthquake, the period from Mar. 31 to Apr. 6 has been declared as national mourning days. During this time, the national flag will be flown at half-mast, he said.

WORD OF THE DAY

Penchant

Pronunciation: PEN-chunt (noun).
Meaning: Penchant refers to a strong liking for something, or a strong tendency to behave in a certain way. It is usually used with for.
Origin: English has multiple p-words that imply a strong instinct or liking for something, including propensity and proclivity, but to keep things precise, penchant is the proper word for implying a pronounced, persistent taste in a person ("a penchant for pretty pendants") or a predominant predilection for performing particular actions ("a penchant for petting penguins"). Penchant traces back all the way to the Latin verb pendere, meaning "to weigh," but is more immediately preceded in English by the French word penchant, from the present participle of pencher, meaning "to incline."
Example: "Sly Lives! is exceptionally strong in its attention to musical detail—even more than Questlove's previous cinematic effort, the Academy Award–winning Summer of Soul, Sly Lives! feels like a film made by a great musician. The film's interviewees offer illuminating ruminations on Sly's vocal arrangements, including his penchant for switching back and forth between unison vocal parts and harmonized ones ..." —Jack Hamilton, Slate, 13 Feb. 2025

THE ODD WORD

Wiccaphobia

Fear of witches and witchcraft.

PHRASE OF THE DAY

Fly off the handle

Meaning: The expression "Fly off the handle" is used to indicate that someone has become irrationally angry due to a complete loss of self-control.
Origin: "Fly off the handle" is an American phrase that alludes to the way that an axe head can fly off its handle if it becomes loose. The expression was first seen in print in 1834, in Thomas C. Haliburton's The Attaché; or, Sam Slick in England: "He flies right off the handle for nothing."
Example: 'Try not to make Sam mad. He has a tendency to fly off the handle at the slightest provocation.'
